*To the Headteacher*

*Dear Colleague,*

*Galileo Galilei High School in Potenza  
announces the*

## **the 22nd Edition of the Convivium Galileianum**

**Potenza, 4-5-6 May 2023**

### **The opportunity behind the problem Only the limit that does not exist cannot be exceeded**

*The Convivium Galileianum, which for many years represented a cultural event of national importance with high recognition of our high school and which interrupted its cycle in 2019 for reasons related to the Covid-19 pandemic, from this year has intended to completely renew the initiative adapting it to the most modern languages and projecting it into a multicultural, digital and international dimension.*

*The Galileo Galilei High School directed by me, therefore, with the XXII edition of the Convivium proposes itself as a new promoter and disseminator of Galilean culture, dedicating the competition exclusively to the scientist on whose multifaceted figure the third year secondary school students of the region and Italian and European high schools will compete in tests according to the procedures set out in the Call, choosing from the various sections of the Competition.*

*The set of papers will then be collected and cataloged in a specific multilingual thematic area within the website of the Galileo Galilei High School, available to anyone who wants to deepen and develop their knowledge of the famous scientist.*

*I am pleased that the students of your institute took part in the Convivium Galileianum according to the provisions of the Call.*

*In this regard, membership would be appreciated by Saturday 25 February 2023 by filling in the form attached to the Call.*

*With the hope of a lively participation of your school in the event, I take this opportunity to send you my best regards.*

**THE HEADTEACHER**

**Lucia GIROLAMO**
